The Green Revival House A LEED Platinum Project - .2 CEU, Sustainable

Tom Schwenk, Seminars by Design, Inc.

The house is one of the first historic buildings in the nation to be certified LEED for Homes Platinum, and was recently designated as a Galveston Historic Landmark. Because LEED credit requirements often conflict with preservation guidelines, making both a priority is a complicated process. The goal was to maintain a high level of efficiency in both the use of energy and the consumption of resources.

Aging in the Place of My Choice - .2 CEU, Barrier Free

Tom Schwenk, Seminars by Design, Inc.

Latest information and resources for Aging in Place complete with checklists for your projects....to cover our ADA requirement for the day....

Future TAID Class Dates: September 7th & November 9th.
